

## **FAQ**

### **What is the purpose of Share-Your-Book @ South West Initiative?**

To promote a reuse and sharing culture by encouraging the community to donate their story books to the community libraries or share it with the community, instead of throwing them away.

### **Why can we only list up to 5 story books per listing?**

To manage the supply of story books due to limited bookshelf spaces, we have kept it to 5 story books per listing for now. We encourage the community to only donate story books that are usable, in good condition and not damaged.

### **What if I have more than 5 books?**

You can submit more than one listing.

### **Is there another avenue to donate my story books?**

You can also donate your story books to the [National Library Board](#).

### **How many points can I get on ALBA STEP UP App upon dropping my books at the participating Community Library @ RCs or reading corners?**

Upon acceptance of the story books, you can receive 50 CO2 points per listing. You can only scan the QR code once a day.
